HOC SIGNO FORTUNA.

BALTIMORE, FRIDAY, June 27, 1823.

Floating Capitals still undrawn.

Yesterday's drawing of the GRAND STATE LOTTERY was highly favorable to the wheel, and consequently increased the chance in favor of adventurers. By the official list of the drawing on the next page, it will be perceived that no prize came out higher than 100 dollars. As the price of TICKETS WILL BE ADVANCED on the 10th of July to *Fifteen Dollars*, the Commissioners, with the view of allowing time for renewals and investments, at the present rate of Twelve Dollars, have appointed the 17th of next month for the continuation of the drawing; wishing distant adventurers to have the same advantages with those residing nearer to this city; and the opportunity is thus given to them to send on their orders, which will be executed at the present prices, viz:—

Whole Ticket \$12 00 may produce \$100,000

Half Ticket \$ 6 00 may produce \$ 50,000

Quarter Ticket \$ 3 00 may produce \$ 25,000

Eighth Ticket \$ 1 50 may produce \$ 12,500

The above calculations are founded on the great prize of *One Hundred Thousand Dollars* alone, the magnificence of which has rendered the scheme so attractive and so deservedly popular.

☞ All ORDERS either for Tickets or Shares, will meet the most prompt and punctual attention. Address Letters, (post paid) to

J. I. COHEN, JR.—BALTIMORE.

On Thursday next

the drawing of the patriotic scheme of the Washington MONUMENT LOTTERY will be continued, and we anticipate the coming out of some of the numerous Capitals, STILL FLOATING in the wheels. It is remarkable, that although the scheme is one fourth over, not even one of the 2000 dollars has yet been drawn, and there are no less than three of them, and all NOW FLOATING. A 10,000 Dollar prize is also floating, and there is no possible risk of a blank until the completion of the Lottery.

Only TWELVE DRAWINGS now remain to finish the MONUMENT LOTTERY, and as the great capitals of 20,000 dollars—2 of 10,000—3 of 2,000 dollars, &c. &c. are still undrawn, we recommend the completion of investments without delay. The price of tickets still continues at *Ten Dollars* only, and shares in proportion.—Direct all orders, as heretofore, to J. I. Cohen, Jr.

Sec'y to the Managers.—Baltimore.

COUNTERFEITS.—The public are cautioned against receiving ten dollar notes purporting to be of the *Philadelphia Bank*, as many counterfeits are in circulation, so well executed as to have been received by some of the banks in this city. The ink of the signatures and filling up is black and glossy, and the numbers, dates, &c. well done; indeed much better than any spurious notes that have been in circulation for some time.

Navy Commissioners arrested.—The Boston *Galaxy*, of the 6th inst. states that Captains Rodgers, Chauncey and Morris, Navy Commissioners, have been arrested in that city at the suit of David Leman, blacksmith, of Charlestown, and held to bail for their appearance next September. The report of the Commissioners in Captain Hull's case is said to be the cause of the action. The damages are laid at five thousand dollars.

FROM NEW ORLEANS.—The editors of the New York Gazette have received by the brig *Argo*, New Orleans papers to the 31st ult. The Louisiana Advertiser of the 27th states, that the river had fallen six inches in three days.

The Steam boat *Nashville* arrived at New Orleans on the 26th ult. from Nashville. On the 23d, 115 miles above Natchez, a fire was discovered on the roof made for the accommodation of deck passengers, which was with great difficulty extinguished, with the loss of about 200 bales of cotton and part of the upper deck.

In the Colombian brig of war *EL VENCEDOR*, Captain Thomas B. Brotherton, arrived here from La Guayra, via St. Barts and St. Thomas, came passenger COMMODORE DANIELS of the Colombian Navy. On the 11th June the *Vencedor* captured a Spanish felucca from Cadiz for Porto Rico, which was manned and ordered for La Guayra. The Colombian Corvette *Bolivar*, Captain Christie, and schooner *Rayo*, arrived at La Guayra on the 23d of May from Curacao.

The sloop *Theo. Armistead*, at Alexandria, has been libelled, and the captain committed to jail for injury done to the Steam boat *Potomac* by running foul of her, a few days since, in the river Potomac.

The *T. A.* was on Saturday, chained and locked to Rumneys' wharf by the Marshal. She has a full cargo on board and was reported in our last marine news, as having sailed, being on the eve of doing so.—*Herald*.

FROM JAMAICA.—Jamaica papers to the 21st ult. contain reports of the trials of the captain of the piratical schooner *Zaragoza*, and nineteen of her crew, all of whom were found guilty, and on the 19th the prisoners were put to the Bar, and severally received the sentence of death. The time of execution is not mentioned. The trials of three others were put off.

SEVILLE.—This city to which the present seat of the Spanish government is, next to Madrid, the largest in Spain. The Romans granted it the privileges of a Roman colony, and called it *Julia Romula*, or *Little Rome*. When Ferdinand took it from the Mahometans, it contained 600,000 inhabitants, and it formerly employed 6000 looms in Woollen and silk manufactures.—It has, however, since fallen off greatly in population and riches. The former amount to about 30,000. The celebrated Miguel de Cervantes was a native of this city. The cathedral is a fine Gothic building, with a curious steeple, or tower, having the moveable figure of a woman at the top, called *Giralda*, which turns with the wind, and is referred to in *Don Quixote*. The suburb of Triana is remarkable for its gloomy castle, where, in 1481, the inquisition was first established in Spain. Seville is forty-five miles north of Cadiz.

From the N. York American, June 13.

STEPPING-MILL.—A circumstance occurred yesterday, which more fully, perhaps, than a thousand arguments, demonstrates the utility of the *Stepping-mill* as a mode of punishment, and its superiority or that purpose, over incarceration in the state prison.

A fellow by the name of Perry was arraigned on an indictment for stealing sundry articles of property, the value of which was therein stated to be a few cents over 20 dollars. The prisoner pleaded guilty, when the Recorder—on looking at the indictment and observing its near approach of the limit which would reduce the offence and its punishment, by the terms of the statute, from grand to petit larceny—remarked, that it was proper the prisoner

should distinctly understand the subject, and humanely suggested to him that possibly it might turn out, on investigation by a jury, that the value of the articles had been overrated, whereas the general plea of guilty would necessarily subject him to the punishment prescribed for grand larceny. It appears, however, that the fellow was fully aware of the consequences of his plea. He persisted in it, and refused a trial by jury, for the express reason, that he preferred confinement three or four years in the state prison, to the exercise of the stepping-mill for perhaps 30 days in the Penitentiary.

Latest foreign Intelligence.

Eight days later from England.—The packet ship *Canada*, has arrived at New York in 41 days from Liverpool, and brings London papers to the 17th of May inclusive.

FRANCE AND SPAIN.—The intelligence by this arrival is important, and, if it turns out correct, highly favorable to the cause of Spain. The gallant *Mina*, whose name is dear to every Spaniard, taking advantage of the stupor, into which the French generals seem to have fallen, is stated to have succeeded, by one of those bold movements for which he has been so often celebrated, in placing his army in the rear of the French, by which he is said to have involved them in such difficulties that nothing remains for them but to retrace their steps. Advices from Paris say, that the Duke of Angouleme had become quite disheartened at having been joined by so few Spaniards; and that he had been unable to organize a respectable, or even any force at all, of natives.

Rumors of negotiation between the French and Spanish authorities, which had been positively contradicted by the *London Courier*, were received at Paris at the latest dates, and gave rise to various speculations in the journals; one asserting, and the other denying the fact.

RUSSIA AND AUSTRIA.—A private letter from Frankfort on the Oder, dated April 23, states, that the Emperor Alexander was actually assembling an army of observation on the frontier of Poland, to consist of 120,000 men. This circumstance, which had been formerly mentioned, and shortly afterwards contradicted, appears to rest on good foundation; for we find Mr. Canning, in the House of Commons, in reply to a question put to him by Mr. Brougham, stating, that "there was a Russian army on the Vistula, but whether large or small he could not say."

GREAT BRITAIN.—Whether the movements of Russia, or the part which the Portuguese have taken on the side of Spain, will induce the British Ministry to abandon the system of neutrality, seems to be a matter still for speculation, though an opinion prevails that Great Britain will not remain passive in the event of Russia and Austria's taking an active part against Spain.

The king of England continued so much indisposed with the gout, that his physicians had thought it advisable he should not undergo the fatigues of holding a drawing room.

The state of Ireland is spoken of in the London papers as being the cause of the most serious anxiety on the part of his Majesty's government. The advices which were received from that country, were daily of a more and more alarming character.

Petitions were pouring into Parliament from all parts of the kingdom, in favor of the abolition of the Slave trade in the British colonies. Mr. Canning offered certain resolutions in the House of Commons, which were adopted, in which the expediency of a gradual abolition of Slavery is recognised, consistent with the well being of the slaves themselves, and the safety of the colonies.

Baltimore, June 27, 1823.

Halves, Quarters and Eighths.

The demand for Share-Tickets in the GRAND STATE LOTTERY continues unprecedented.—They are issued at COHEN'S OFFICE, by authority of the ACT OF ASSEMBLY. The advantage to the adventurer in purchasing Shares, is in the increased number of chances obtained for the same amount of money which would otherwise be invested in a whole Ticket—and when we consider the great amount of the Capital Prize of ONE HUNDRED THOUSAND DOLLARS in the Grand State Lottery, we are not surprised at the demand for the Shares, as an HALF TICKET, which costs only six dollars, may produce FIFTY THOUSAND—A QUARTER Ticket, which costs only three dollars, may produce TWENTY-FIVE THOUSAND—and an EIGHTH Ticket, which costs but the trifling sum of one dollar and fifty cents, may produce to the adventurer no less than TWELVE THOUSAND FIVE HUNDRED DOLLARS!

Orders from any part of the United States, by mail (post paid) or by private conveyance, enclosing the cash, or prizes in any of the Baltimore Lotteries, will meet the same prompt and punctual attention, as if on personal application, addressed to

J. I. COHEN, Jr.—Baltimore.

The Official Lists of the

Drawings of the GRAND STATE and MONUMENT LOTTERIES are both published in this paper, and will be forwarded, gratis, to all those who purchase their tickets at COHEN'S OFFICE.

The Notes of any of the Banks in Virginia, North Carolina, South Carolina or Georgia, and also of all specie-paying Banks in Maryland, New York, Pennsylvania and Ohio, will be received at COHEN'S OFFICE, at par, in payment for either Tickets or Shares in the Grand State or Monument Lotteries.—The notes of the Bank of the United States and Branches will also be received par.
